

# EMP 318B: NEW WORLD OF WORK SKILLS: INTRAPRENEURSHIP

---

## New Course Proposal

Date Submitted: Tue, 10 Sep 2019 23:43:40 GMT

### Originator

zbecker

### Justification / Rationale

The New World of Work program was developed under the Doing What Matters for Jobs and the Economy framework of the California Community College system. The program identifies the top "Professional Competencies" required for success in the workplace and provides curriculum that can be used by all colleges in the California Community College system.

There are ten primary competencies; each competency is one .5 unit credit course and two equivalent non-credit courses. Faculty can include the credit modules into existing programs or encourage students to complete the competencies as non-credit learning opportunities. These competencies are also included in the required objectives of the work-based learning program at College of the Desert. "
