

### **Examples of Prerequisite and Required Course Equivalences:**

All transfer courses from other institutions MUST be from an accredited institution. The supporting G.E. courses used in this application are still subject to evaluation and approval by the College for completion of the A.S. degree. It is highly recommended that you make an appointment with a COD nursing counselor to verify that all necessary General Education and/or prerequisite requirements have been completed prior to applying to the Nursing Program. The following include a list of few colleges and are subject to change at any moment.

#### **Human Anatomy and Physiology Courses: (2 courses needed):**

- BI-022/BI-023 (Copper Mountain)
- ANAT-101/ANAT-102 (Mt. San Jacinto)
