Residency Reclassification Checklist Fall 2024

Residency reclassification must be done in advance of the term for which you wish to be considered for resident tuition. Reclassification requests will not be processed for terms that have ended.

Students who do not have the documentation required for residency determination by the College, will need to pay the out-of-state fees. Failure to submit all required documentation, or failure to drop classes before the term begins and/or by the published course deadlines may result in paying nonresident fees.
