

College Drug and Alcohol Policy

The manufacture, distribution, dispensation, possession, or use of an illegal drug, or the unlawful possession, use or distribution of alcohol, is prohibited in all buildings, property, facilities, service areas, off campus sites of the District, or in any location where any District activity is occurring. Anyone caught with or under the influence of the above will result in a disciplinary hearing and is subject to arrest from local law enforcement. The District maintains the right to impose disciplinary action separate from arrest.

Materials and information on counseling, treatment and rehabilitation resources, health risks, Federal trafficking penalties, and uses and effects of controlled substances, are available in Counseling, the Student Health Center and the library. Public Safety Officers can also assist with getting this information for you.
